Health

Award Cafeteria Perfect Score

Jefferson Union high school cafeteria is the only food establishment in San Mateo county to win a one hundred per cent rating from the county health department.

This fact was revealed today by Fred A. Collins, local health officer, who gave the cafeteria a perfect score on a recent inspection tour.

The rating is based on items ranging from the cleanliness of the floors to the physical condition of employees, Collins said. He emphasized the fact that workers in the high school cafeteria had all received health cards following complete physical examinations.

In addition to eating in the cleanest and most sanitary cafeteria in the county, local high school students enjoy one of the most economical lunch programs in the state, according to Principal James Ferguson. Students rarely pay more than 8 or 9c for a well-balanced, nutritious noon-time meal, he said.

Although the cafetteria has been in operation or three years, it was only some four months ago that Principal James Ferguson put into operation the SRA surplus foods program which has proved such a phenomenal success.

In addition to regular meals, free lunches are served to underweight children in the middle of the morning. During the first month after this program went into effect, underweight boys gained an average of 2.6 pounds

It was evpected that county census figures would be made available from the district office at Santa Cruz within 30 days after completion of the census.

Officials For A Day

Today is "boys' day in city government" for the city of San Mateo.

Some eighteen youths from San Mateo high school will take over the city government for a day. The program is designed to interest young men in city affairs and to give them an insight into details of city operation.

To Begin Junipero Sewer Project

Construction of Daly City's long-sought Junipero Serra sewer project begins this week, according to the city council.

The district embraces the area btween Railroad avenue and Junipero Serra boulevard and between School street and a line 1400 feet south of School.

Set May 20-26 As P and S Week

May 20 to 26 has been set aside by recreation departments all over the country as P and S week, in an effort to better acquaint the public with the professional and service projects now in operation, it was learned this week from Bruce H. Boynton, head of the local WPA Recreation office.

Open house will be held in all departments and a dinner is planned for May 20, at which Mrs. Eleanor Roosevelt and Colonel F. C. Harrington will be heard over the radio, addressing similar dinners from coast to coast.

Tickets for the dinner, which will be held in the Jefferson Union high school cafeteria, can be obtained from the recreation office or leaders.

Materials Arrive For Job

Thousands of feet of pipe will soon go into construction of the largest street job of its kind ever undertaken in Daly City, the $253,000 WPA South End streets improvement project.

The above picture, taken at the WPA supply yard at Mission and Moltke streets, shows a portion of the sewer pipe stacked ready for use. Delivery of equipment and materials has proceeded rapidly the last few days, following the signing of the contract on April 25.

There are approximately 35 WPA workers employed on the job at the present time, and local authorities state that they expect an additional crew of 50 men to start work on the job tomorrow morning.

Firemen's Dance Draws Mammoth Crowd

Firemen and their friends had the "the time of their lives" at the Widows' and Orphans' costume dance, Saturday night, in Colma.

"This year's dance turned out to be the most successful one ever held by the association, made so by the kind assistance of the citizens of Daly City, their many friends in San Francisco and the hard work of the various committees," said Chief Andrew P. Chesney today.

By 11 p. m. Colombo hall was overflowing with merry-makers and it was not until the small hours of the morning that the party broke up.

It was with difficulty that the costume judges, Mayor John J. Fahey and Councilmen Julius Twesten and Ed Cavagnaro were able to select the prize-winning costumes from among the many masqueraders seen at the ball. Mrs. Frances Kusber, 60 Werner street, who represented a lady of the horse and buggy days, and

To Observe Poppy Day, May 25

Poppy Day will be observed in Daly City and throughout the nation on May 25, it was learned today from American Legion officials.

On that day all Americans will be asked to wear poppies, "not only in memory of the heroic dead, but to aid directly the living victims of the last world war."

All contributions from the sale of the memorial flowers will go to welfare work of the Legion and auxiliary, in caring for the disabled, their families and the families of the dead.

Legion poppy sales in this district will be under the direction of Mrs. Hilda Prziborowski, poppy chairman.

"We feel that Poppy Day will have an increased meaning this year," said Mrs. Lottie Chapman, president of Daly City Unit No. 410, American Legion auxiliary, "because of renewed warfare in Europe bringing closer the memory of the boys who died over there."

Legion Honors Herb Poddig

Herbert Poddig, popular student and athlete has been selected to represent Jefferson Union high school at California Boys' State, June 22 to 29 at Sacramento. Arthur Quirmbach, instructor at the high school and second vice-commander of Daly City Post No. 410, American Legion, made the announcemnt today and explained that the selection was made on the basis of leadership, citizenship and scholarship.

Daly City Post No. 410 and Bayshore Post No. 472 have sent one or two local boys to the American Legion sponsored event each season for the past three years. Held at the state fair grounds, Boys' State takes as its purpose "the inculcation of a sense of individual obligation to the community, state and nation," by the practical instruction of youth in the privileges, duties, rights and responsibilities of citizenship.

Boys' State has become a national event, with 34 states participating in the program of developing leadership and citizenship.

Unique feature of the session is its stress on "learning by doing."

In Boys' State each boy, as he registers, is assigned to a "city area," and thereafter he is a "resident" of that city and his bed is in that city ara. From 35 to 40 boys are assigned to each city. A group made up of several cities constitute one county, and all, together, constitute one "State." The boys are divided, according to the order in which they register, into political parties—not Democrat and Republican, but Federalist and Whig—just so that the boys may see how political parties, as such, function under this form of government. The boys develop their own party platform and make their own controversial issues. All of their elections, whether city, county or State, are caried on according to the existing laws of California, applicable to govern such elections.

Charles Yonan, Herbert Poddig and Bob Capps talk over activities at Boys' State. Poddig will represent Jefferson high at this year's session. See page 4 for comments.

In addition, the boys visit the state departments at Sacramento, listen in on the assembly and senate and otherwise acquaint themselves with first hand detail on the running of a government.

Recreation and entertainment play a part in the Boys' State program. Sports are enjoyed every day as well as evening entertainment.

Jefferson Union high school students selected to participate in the program since the local legionaires took up sponsorship three years ago include, Dick Millet in 1938, Bob Capps and Charles Yonan in 1939 and Herbert Poddig in 1940.

Principal James Ferguson stated, when interviewed on his opinion of the effect on the boys selected to attend Boys' State, "The students who have atttended Boys' State show an increased interest in government and student activities upon returning to school. They have also demonstrated the desire and ability to cooperate with fellow students and teachers to a marked degree."

Last year the tour covered the southern part of the county.

Ten new homes, each costing approximately $3500 each, will be erected in the near future, the engineer said. Eight of the applications were filed by Mohr and Sons and two by F. J. Martin.

Building permits issued during the month of April totalled $23,300.

Modern Refrigerator Boon To Housewives

What about left-overs? Often they dry out before the housewife feels they should be served again; and it is necessary to provide covers for a large part of the foods stored away.

Every household has its share of left-overs from day to day, and for many years it was necessary to use them within a short time. But today this undesirable condition has been eliminated with the introduction of a new type of electric refrigeration using a cold-wall method which maintains a high degree of humidity in a special food compartment with no covers needed for dishes. Sufficient moisture in foods helps them retain their freshness and flavor. Left-overs, especially, are apt to dry out unless protected with adequate humidity and correct low temperatures

The importance of protecting left-overs is well known to most homemakers who realize that foods which must be thrown out represent a constant source of actual money loss. Even the loss of a few cents a day in discarded left-overs adds up to several dollars a month.

Belli Hardware company, Colma, invites all Daly City and Colma homemakers to investigate the new Frigidaires on display at their store.

"Investigate for yourself what proper refrigeration facilities can do" urged the manager.

Largest Underground Canal

The world's largest underground canal flows from the port of Marseilles in France to the Port de Bonc, and is 4½ miles long, and has a width of 72 feet.

Firemen's Dance Draws Mammoth Crowd

(Continued from Page 1)

Charles Reinhart sr., 360 Winchester street, who was dressed as a Mexican troubadour, were finally named winners.

Cash door prizes were awarded to Bill Everett, 151 Broad street, and Mrs. Mariellini, 2 Edna street; and the third prize, an alarm clock donated by Edwards Drug store, to Mrs. Maria Gaggero, Colma.

The last two winners were not present, but may get their prizes by contacting Chief Chesney, 298 Crocker avenue.

"Officers and members of the association wish to thank their many friends," said Chief Chesney today, "for the help which made the dance such a financial success. Proceeds will insure the members for the coming year, giving them the security of knowing that their widows and orphans will be cared for in the event of their death.

"We especially wish to thank the Daly City Record," the Chief continued, "Mr. Reed, manager of the City Ice Delivery, National Cash Register, John W. Marchbank, Edwards Drug Store, Daly City theatre, Galland Mercantile company and all others."

To Vote For Trustees Of School Districts

The term of office of those elected begins on July 1 following the election and continues for three years.

Terms which expire this year include: in Jefferson elementary school district, Louis Nava; Jefferson Union high school district, Mrs. Stella Jensen, Andrew Vireno; San Mateo junior college, Mrs. Stella Jensen, R. M. McAllister.

"Getaway Week" At Tanforan

It's "getaway week" at Tanforan and the final four days will unfold some of the most thrilling turf fare Northern California has seen in many seasons. The climax, of course, will be the running of the $5,000 added Marchbank handicap Saturday, May 11, closing day of the 41-day meeting. Other features will include a two miler today; a special 3-year-old handicap tomorrow, and a 2-year-old handicap Saturday, supporting the Marchbank.

Five outstanding horses shape up as the leading contenders for the mile and an eighth Marchbank handicap: Viscounty, the Valdina Farms' brilliant 4-year-old; Wedding Call, the horse which for one breathiess moment looked as if he would sweep by Seabiscuit and Whichcee in the Santa Anita handicap; Bulwark, who can definitely be counted upon to run a good race under lighter weight; Joy Boy, the improving 4-year-old star of the Louis B. Mayer stable; and the improving Brother Nibs.

San Mateo Posse Show Ability At Rodeo

Members of the San Mateo County Sheriff's posse displayed their ability and blooded stock at Edgewater Beach Riders club horse show and rodeo on the Great Highway, Sunday, against some of the best stock in Northern California.

Taking top honors was Ross Meredith's Palamino "Golden Prince" as best rein horse in the show. Another first was taken by Fred Hobb's mount as the best looking horse in the pleasure class.

Winning ribbons in the trail horse division were the mounts of Bill Steirs and Griff Thompson, both local riders.

Because of the coming Fiesta, Sunday drills at Callan's ranch, Washington avenue, Colma, will be postponed until after the Fiesta.

Arrangements for the all-Western Fiesta dance planned by the posse for May 18, Bayshore hall, were reported to be complete this week.

Jefferson Loses To Sequoia High

Jefferson's Frosh-Soph baseball team lost to Sequoia, Thursday, in a PAL league game on the Jefferson diamond, 8-4.

Bad luck dogged the Papooses from the first inning to the end of the game. Tuvo, Jeff's miniature catcher, was kept out of the game with a bad ankle, and while Massoni did a good job at catching for his first time in that position, he did not entirely fill Tuvo's shoes behind the plate.

Bob McKinnon, who has been doing a grand job on the mound, blew up in the second inning and was replaced by Bobby Nava. Rainey, at short stop, for the first time this season, came through with a performance that proved he can play ball.

The Papooses play Palo Alto tomorrow at Palo Alto and then two games with San Jose to complete the PAL league schedule before the play-off.

Our Sales are Swell—and so are the deals your Buick dealer is making!

What to do when the bug bites you!

FIGURES show that about one out of every five able-to-purchase new-car buyers really *wants* a Buick more than any other car.

Not all will buy one.

Too many of them *without even getting actual figures* will shake their heads and sigh, "Nope! A car that big and handsome *must* be out of my reach!"

You'll be smarter than that, we know.

When the bug to own a Buick bites you, you'll figure that a car as talked-about as Buick *must be looked at first*—if you're going to have anything to go on in judging 1940 values.

You'll realize it *doesn't cost a cent* to find out how one feels under your own hand and what the *delivered* prices are.

So you'll walk in, please, to the nearest Buick dealer and boldly say:

"Let me have a good look at that car that's showing the rest of 'em what modern style is.

"Let me try out that big straight-eight engine that's electrically balanced *after* assembly for smoothness to match a wrist watch's works.

"Show me those big soft coil springs you talk about and how they smooth out that rough stretch down the street — and what's the business about recoil-mounted Knee-Action, heaviest frames at the price, five-foot front seat room in SUPER models, and six dozen new 1940 features?"

When you've got the answers through a good long ride—ask one more question: "How much?"

Current prices† start at $895 ★for the business coupe, delivered at Flint, Mich. To this add transportation based on rail rates, state and local taxes (if any), and optional equipment and accessories—though there will be few such "extras" you'll need.

That totals up to low delivered prices that are often *only a few dimes more* a day than on cars in the lowest-price class—so why hesitate or haggle?

When the bug bites you, *get the facts*—and you'll get a Buick and be happy!

†*Prices subject to change without notice.*

About Boys' State

BOB CAPPS SAYS:

"LEARN BY DOING—that is the motto of "Boys' State;" that is precisely what is being done by these fortunate few who are chosen each year to attend this junior legislature. By setting up a temporary government, one which coincides with that provided for in the California state constitution, the boys learn and study the technicalities of their various governing bodies. Small cities, districts, counties: all these are organized by the boys to learn by doing. Each city has its mayor, city attorney, sheriff, etc; each county has its courts, supervisors etc.

"Besides seeing and learning about our government, there is another tangible benefit which each boy is exposed to while at Boys' State, namely the constant association with clean, industrious, cream-of-the-crop boys. Many friendships will be formed that will last the rest of their lives.

"There aren't words enough to express each alumnus' gratification to the American Legion for enabling them to attend; other political heads and organizations should help support the idea—if only they were able to understand its importance!"

CHARLES YONAN SAYS:

"He is certainly a lucky person who is chosen to go to Boys' State this summer. This is from one who has attended and knows. Boys' State is a place where all the outstanding boys of the California high schools go and spend one week setting up a complete model of a state government. It is a place where education and recreation are mixed in equal proportions to give a complete and thoroughly enjoyable experience. There a fellow, although he is having an excellent time, is gaining much knowledge of his government.

"The boys work to set up their government under the supervision of student lawyers and consequently, everything is done legally.

"Besides learning about the government of our state, we boys made a great many friendships which have lasted through the year. The American Legion certainly spared no expense to make that week completely enjoyable, and each and every boy who went, I am sure, can never thank the American Legion enough for his opportunity."

Included in the Jefferson team, sponsored and coached by Arthur Quirmbach, chemistry and general science instructor, are Albert Compani, Raymond Frates, Phil Gregoiri and Don Richman.

James Donahue Outlines De Soto Driving Advantage

Many new features to make driving easier and safer, and riding more comfortable, are big factors in the gratifying increase in De Soto sales, reports James E. Donahue, 6259 Mission street, Daly City De Soto-Plymouth dealer.

"The added length and interior height of the new De Soto, alone, gives more comfort in additional leg, hip and head-room," Donahue declared. "Also, the larger size of the 1940 model sedan adds 71 square inches more in window area, making better visibility all around for both driver and passengers.

"Car owners who have not yet experienced the ease and speed of operation in the new De Soto gear shift have a most pleasurable thrill in store for them," continued Donahue.

"With numerous other features," concluded Donahue, "such as dramatic new styling from bumper to bumper, improved sealed-beam headlights which supply more light for safer night driving, rear doors full width at the bottom, safety-signal dashboard and other improvements, and with the price even lower than last year, it's no wonder the new 1940 De Soto is breaking all previous years sales records."

ICE FOLLIES OPEN IN S F ON WEDNESDAY

Fresh from a record breaking tour of the east, the Ice Follies of 1940, newest edition of the famous musical revue on ice, is ready to break more attendance records in San Francisco at Winterland, commencing Wednesday, May 15.

In its first visit to this city, last year, the Ice Follies played before 400,000 persons over a period of seventeen weeks, establishing an all-time high for shows of this or any other nature.

In less than one year, the Follies has been shown to approximately 1,500,000 people. This includes sell-out performances in New York's Madison Square Garden, in Boston, Washington, D. C., Philadelphia, and Pittsburg.

The cast which delighted multitudes in San Francisco last year is back again. Production is the keynote of the new Ice Follies. The revue this year is composed of a number of closely-knit exhibitions combining three and four separate features.

In the opening number, which is called "Arctic Fantasy," settings are spectacular, with igloos reproduced from the far North and northern lights in the background. Against this a giant snowman and three polar bears cavort while twelve snow beauties do a "Northern Belles" number in which bells they wear actually play melody.

Bess Ehrhardt, "America's sweetheart of the ice," Roy Shipstad, American champion; the famous Evelyn Chandler; Oscar Johnson, Eddie Shipstad, Osborn Colson, Canadian champion; Fran Claudet, Ruby and Bobby Maxson and others who were here with the show last will appear again.

Seats are on sale at Winterland and at Sherman and Clay in San Francisco and Oakland.

Again We Honor Mother

By BETTY BARCLAY

Mother's Day is probably the most popular of our new holidays. It's a typical home day when family and relatives honor the little woman who has kept things going for so many years. Here are recipes that "Mother" may follow easily if she elects to prepare the meals. They are so simple that "daughter" is assured of good results if she orders mother to rest and visit while she attends to the kitchen and dining room.

Lemon Clover Rolls

2 cups flour, sifted
¼ cup sugar
¾ teaspoon baking soda
½ teaspoon salt
⅓ cup shortening

Sift dry ingredients and work in shortening. Add:

½ cup milk, soured with
3 tablespoons lemon juice

Knead slightly. Form dough into small, walnut-sized balls. Place 3 balls in each cup of a greased muffin tin. Sprinkle with sugar. Bake in hot oven (450° F.) 20 minutes. Makes 16-20 rolls.

Pineapple Gem Kisses

2 egg whites
½ cup granulated sugar
½ teaspoon vanilla or almond extract
1 dozen canned Hawaiian pineapple gems
Slivered almonds or chopped walnuts

Beat egg whites until stiff, add sugar gradually and continue beating. Add flavoring. Rinse off cookie sheet, leaving the surface damp. Cover cookie sheet with a piece of unglazed brown paper. About 2 inches apart, spread 1-inch rounds of meringue. Top each round with a well-drained pineapple gem and then cover each gem with meringue. Sprinkle with slivered almonds or chopped walnut meats. Bake in a slow oven (300° F.) for 45 to 50 minutes.

Yield: Approximately 1 dozen kisses.

Toasted Coconut Rennet-Custard

1 pkg. raspberry rennet powder
1 pint milk (not canned or soft curd)
1 cup dry shredded coconut

Toast coconut in hot oven, stirring occasionally until golden brown. Make rennet-custard according to directions on package, adding ⅓ cup toasted coconut to cold milk. When ready to serve, garnish with whipped cream and a sprinkle of toasted coconut.

Lima and Celery Salad

2 cups cooked, dried Limas
1 cup diced celery
½ green pepper, minced
½ cup French dressing

Mix ingredients an hour or more before serving. To serve, arrange on lettuce leaves. Place a spoonful of mayonnaise on top and sprinkle mayonnaise with minced green pepper.

Drip Coffee

Use one well-rounded tablespoon drip grind decaffeinated coffee for each cup (½ pint) of boiling water. Preheat drip coffee pot. Put coffee in upper compartment of pot. Pour fresh briskly boiling water over it. Cover and let stand in warm place until all water has dripped through once. Remove upper compartment and cover pot. Serve.

If you will follow directions exactly your decaffeinated brew will meet the requirements of any coffee connoisseur and you can end the dilemma of coffee lovers who fear after dinner cups will interfere with their sleep.

Magic Orange Ice Cream

(Automatic Refrigerator Method)
⅔ cup sweetened condensed milk
½ cup orange juice
½ teaspoon grated orange rind
1 cup whipping cream

Mix sweetened condensed milk, orange juice, and grated rind. Chill. Whip cream to custard-like consistency. Fold into chilled mixture. Freeze in freezing unit of refrigerator until half frozen. Scrape from freezing tray and beat until smooth but not melted. Replace in freezing unit until frozen. Serves 6.

Rhythmic Gymnastics Classes Prove Popular

The rhythmic gymnastics class, devoted to calesthenics set to music, has become so popular that it is necessary to extend its time from two to three evenings a week, it was learned this week from Bruce H. Boynton, WPA Recreation department chief.

"Although this group has been organized for only a few months," explained Boynton, "enrollments have brought it up to numbers which cannot be accomodated in two evenings. This necessitates splitting up the classes and meeting three evenings a week."

"Rhythmic gymnastics has proved popular," says Miss Marie Bell, instructor, "because it helps keep down hips, aids in retaining a youthful posture and has proved a boon to women who do not have time to participate in any form of sports."

Classes meet at Jefferson Union high school, Monday, Wednesday and Friday, 7 to 9 p. m.

Claim H20 Aids Ping Pongers

Does the drinking of Daly City water make better table tennis players?

This was the moot question mulled over by Bay district clubs, when speculating on the tough competition that the newly-organized Daly City table tennis team has been dishing out.

The Northern California champions, who had been beaten by Daly City, agreed that the water might have something to do with it.

The crack Murios, from the Marina, who had tasted the local H20, sincerely believe that the drinking water must be partly responsible.

Says Captain Joe Madison, of the local club, "Of course it's true! Daly City water is conducive to steady nerves and to an unwavering eye, both of which are necessary to good ping-pong players."

Commented Daly City's superintendent of water works, Arthur J. Bodien, when asked what he thought on the subject, "Undoubtedly—Daly City water grows prettier flowers, helps rear better babies—why it even puts out fires quicker than ordinary water.

"There's no doubt in my mind," he concluded, "that it helps develop the passing shots and placements that win at table tennis."

LOOK lady! with JOSEPHINE HUDDLESTON

Bowling to keep your beau is the very latest of the boy-meets-girl techniques. And, from the number of new twosomes seen around bowling centers recently, one is easily persuaded that it's a highly successful technique.

One thing sure. With 12,000,000 men bowling regularly, girls interested in athletic men—and who among us isn't?—can't risk being benched because they don't bowl.

Especially when the men will have an opportunity to look over the 3,000,000 members of the fair sex who do bowl regularly. Those lassies are pretty! They're brimming over with good fellowship, too. And, that's competition no wise girl can afford to ignore.

Besides being a wonderful recreation, the environment of the bowling establishment is excellent for making new contacts of the right sort.

The sport is too healthful, too vigorous, too exhilarating to attract men and women who live carelessly. So, you'll enlarge your circle of friends while keeping an eye on your beau!

And, making people like you, learning how to turn acquaintances into friends, is a quality which cultivates charm—makes you charming.

All of which may be some of the reasons why churches, high schools, colleges, industrial plants, and purely recreational centers of high moral tone are installing modern bowling equipment as a necessary part of our social development.

So, if you've a beau who a bowling would go—and you don't want to be left to your own devices several nights a week—better begin asking questions about this sport which intrigues him so much.

At your first indication of interest, he'll probably whisk you off to the nearest bowling establishment and—by way of showing you the game—will reveal his own prowess on the mapleway!

But, even though you tag along at first just to be with him, you'll soon become as keen as he is about the game. Then, you'll have a real start toward the kind of companionship which grows into a lasting romance

High School PTA Plans Installation

Jefferson Union high school PTA met last Wednesday at the home of Mrs. Mary Crane, 140 Woodrow street, to make plans for the annual installation of officers May 15, in the Little Theatre of the high school.

Following the installation, there will be a fashion show and mothers' tea by members of the domestic science class of the high school under the direction of Miss Elizabeth Jones and Miss Amy Behrens.

The meeting will begin at 1:30 p. m. Officers of the Sharp Park unit will be installed with those of Jefferson.

C. D. A. Hold State Convention

More than 350 delegates and guests from all over California gathered in Santa Barbara last week for the three-day State convention of the Catholic Daughters of America.

Representing the local unit, Court St. Mary, No. 1155, Catholic Daughters of America, was Grand Regent Mrs. Evelyn Weckerle, 130 Vista Grande avenue.

Business sessions, tours to points of interest, a reception and a banquet were high-lights of the conference.

Chief speaker at the banquet was the Right Reverend Monsignor Thomas J. O'Dwyer, general director of the Catholic Welfare bureau, archdiocese of Los Angeles. He discussed the importance of the Catholic Daughters organization in the light of present world conditions.

"The shadow of war is already close and chilling," he said, "and there is a strange, sickening fear among millions of persons that the United States must inevitably be drawn in."

Stressing the responsibilities of Christian peoples to follow the teachings of Christ if they are ever to achieve a permanent peace in the world, Monsignor O'Dwyer emphasized the Catholic Daughters' responsibility to God, church and country.

He praised the ideals and activities of the group, saying, "in your 37 years of existence you have been a leaven in the loaf of our national consciousness."

Publish Dedication Of Woodrow "Herald"

The Daly City Record publishes below the dedication which prefaces this year's edition of the Woodrow Wilson elementary school paper, "The Herald."

All work on the paper was done by the children themselves. The following foreword was written by the student editor, Herbert Buckenmeyer, high eighth grade pupil:

Keep The Pioneer Spirit Alive!

Hats off! The flag is passing by! We hear this expression many times but few people realize what these simple lines really mean.

Let us think back to the times of our forefathers, of the men who fought to make our country what it really is today. Those very men worked and slaved to pave the way for the things which we can enjoy in peace today. They built our nation and expanded its territory. They fought Indians in barren lands and pioneered into unknown forests, making way for the great cities of today

Today, in this modern, cultured world of ours, we should not take everything for granted. We should always look and work ahead for the things for which our ancestors had struggled.

Let us, when saluting our flag each morning, keep in mind the pioneer spirit of yesterday and make it live again today.

Alice Faye Enacts Role of Barmaid In New D. C. Film

In the movies as in life, some girls are born glamorous, others attain glamour and still others have it thrust upon them. Alice Faye is in that last category but with an important qualification; she can take it or leave it—and she prefers to leave it whenever possible.

Just now, she's carrying her particular theory into emphatic practice on the set of Darryl F. Zanuck's production of "Little Old New York," 20th Century-Fox picture in which she is featured with Fred MacMurray, Richard Greene and Brenda Joyce. It opens tomorrow at the Daly City theatre and the cast includes Andy Devine, Henry Stephenson and Fritz Feld.

In the film Alice gets as far away from sheer glamor as is possible for a girl who possesses such an abundance of beauty.

Alice Faye and Richard Greene (above) are featured with Fred MacMurray and Brenda Joyce in Darryl F. Zanuck's production of "Little Old New York," 20th Century-Fox's robust, rollicking droma tomorrow at the Daly City theatre.

She's a barmaid—a rough, brawling, robust, good-hearted belle of the waterfront, inkeeper and bouncer—and she had the time of her life in the role. She wears good, stout, serviceable shoes of the early 1800's. Her blonde hair is piled on her head in wayward curls and ringlets. Her dress is a gingham affair and her apron is purely utilitarian.

Alice explained it this way: "Like any other woman, I thrill to fine clothes. I love them and wear them when I can, but I have never wanted to be cast as a glamor star because I felt that once you were 'typed' your field became limited. This part in 'Little Old New York' I think is the finest ever handed me.

"I'm on the rough side, but it's a very sympathetic role and I think the fans will like me in it."

Companion feature on the new bill is "Invisible Man Returns," fascinating mystery-drama.

"Golden Boy" Bought By Daly City Man

Arriving from Twin Falls, Idaho, last week, to take his place among the better horses of Colma and Daly City was "Golden Boy," a two-year-old Palamino stallion, purchased by Eddie Allen, 6478 Mission street, from the famous stables of the Utah Land and Cattle company.

Too valuable an animal to travel by cattle car, "Golden Boy" arrived by trailer Saturday, and will be stabled in Colma.

"I intend to make a saddle horse of Golden Boy," said Allen upon the stallion's arrival, "and also to use him for breeding. There's no doubt in my mind that our district here will fast become one of the stable centers of Northern California."

High School Dist. Spends $145.69 Per Pupil

Jefferson Union high school district spent an average of only $145.69 for current expenditures during 1938-39 for each of the 669 high school pupils in average daily attendance, according to a study just made public by California Taxpayers' assocaition.

The study showed that the average current expenditure per pupil in 1938-39 for districts of similar size and teaching the same grades was $165.13

Of the $145.69 current expenditure per pupil at Jefferson, $91.62 went for teacher salaries and $54.07 for other curent expenditures, the association found.
